

Dancing Star Foundation invites you and your friends to two very special events:

"HOTSPOTS"

*The new 89-minute DSF feature documentary
filmed throughout the world*

Written & Directed by Michael Tobias

Produced by Jane Morrison

Associate Producer Karine Dinev

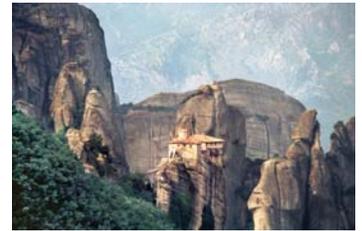

Executive Producer Don Cannon

*How do we save threatened and endangered species?
How do we protect some of the most vulnerable habitat on earth?
Join Dr. Russell Mittermeier, President of Conservation International,
and Dr. Michael Tobias, President of Dancing Star Foundation
as they travel the world in search of solutions.*

"Life on Earth"

*A retrospective exhibition of provocative
photographs by Robert Radin*

Loyola Marymount University, LA

Refreshments and finger food to be served after the screening
